**Re: HPV Program - Final Submission for Hexamethoxymethylmelamine**

Dear Mr. Leavitt:

On behalf of the member companies of the HMMM Coalition, I am pleased make this Final Submission for Hexamethoxymethylmelamine (CAS No. 3089-11-0). Our coalition has chosen to use the HPV Tracker system to transmit these materials. We therefore are attaching two documents in .PDF format, which comprise the entirety of this final submission. One document contains the narrative summary of the testing program. The other document contains robust summaries of data fulfilling all of the HPV testing endpoints.

We request that EPA post these materials on its HPV Test Plan website, denoting them specifically as HMMM's Final Submission. Please feel free to contact me (202-626-3743; [KRhyne@kslaw.com](mailto:KRhyne@kslaw.com)) with any questions or comments you may have regarding this request.

Sincerely,

Katherine L. Rhyne
